

# TECHNICAL DATA

## Eldorado Astromat IC (Interior Cleaner)

### Description

Eldorado Astromat IC is a water-based, liquid, concentrated cleaner, used for cleaning cabin and baggage areas of aircraft interiors. It is particularly effective for cleaning windows and mirrors.

### Material Properties

- Concentrated, powerful cleaner
- Safe on Plexiglas®, paint, and electrical insulation
- Nonflammable; no vapor toxicity
- Safe on aluminum, magnesium, ferrous alloys, and high-strength steel
- Biodegradable
- Approved by: AMS 1550A, Douglas CSD #1, Boeing D6-17487

### Application Techniques

For cleaning aircraft interior surfaces, use as received, or mix 1 part of Astromat IC with 1 part water. Apply to surface being cleaned with a rag or window-cleaning bottle (spray-type). Pick up loosened dirt on a clean, dry rag. No other rinse is necessary. This procedure is used on hard, non-porous surfaces, such as metal, wood, and vinyl plastic.

For cleaning upholstery, rugs, and other soft surfaces, mix 1 part Astromat IC with 1 part water. Wet a fiber-bristle brush well with solution and agitate the surface vigorously to generate foam. Pick up foam on a clean, dry rag. Normally, this procedure is conducted in such a manner that the fabric surface is wet as little as possible. Astromat IC may be used to remove heavy soiled spots on carpets.

For ease of pick up of residues from glass, mirrors or glossy surfaces dilute Astromat IC with up to 10 parts water.

### Health Precautions

This product is safe to use and apply when recommended precautions are followed. Before using this product, read and understand the Material Safety Data Sheet (MSDS), which provides information on health, physical and environmental hazards, handling precautions and first aid recommendations. An MSDS is available on request. Avoid overexposure. Obtain medical care in case of extreme overexposure.

**For industrial use only. Keep away from children.**
