

TECHNICAL DATA

Eldorado Astromat Orange DF Gel-Type Cleaner & Degreaser

Description

Eldorado Astromat Orange DF is a nonpetroleum, solvent-based cleaner, to be used on painted and unpainted surfaces.

Material Properties

- Orange liquid which clings to vertical surfaces
- Powerful cleaner, particularly for greasy soils
- Safe on paint and Plexiglas®
- Will not cause hydrogen embrittlement of high-strength steel
- Safe on aluminum, magnesium, cad plate, and other structural metals
- Surfactants and solvents are biodegradable
- Approved by or conforms to: AMS 1533; Douglas CSD #1; Boeing D6-17487

Application Techniques

Astromat Orange DF is designed for use as received, for large equipment or difficult-to-reach areas, where the increased contact time may be substituted for scrubbing. A one-to-one dilution with water has been found to be effective for greasy areas, such as wheel wells.

Apply Astromat Orange DF undiluted with mop, brush, or spray. Allow to remain on surface for up to 30 minutes depending on temperature; agitate the surface with a brush, and rinse with a pressure stream of water. Dilution with 4 parts water is recommended for routine use. A solution of 1 part in 9 parts water may be used for light-duty cleaning.

Avoid contact with skin and eyes, and use rubber clothing and face shield. Use with adequate ventilation. In case of accidental contact with eyes, flush with plenty of water, and contact physician.

Health Precautions

This product is safe to use and apply when recommended precautions are followed. Before using this product, read and understand the Material Safety Data Sheet (MSDS), which provides information on health, physical and environmental hazards, handling precautions and first aid recommendations. An MSDS is available on request. Avoid overexposure. Obtain medical care in case of extreme overexposure.

For industrial use only. Keep away from children.
